

Who We Are:

Wayland McKay is a Red-Seal Certified Agricultural Equipment Technician with more than 20 years experience, as he's worked for Kubota, MazerGroup and others honing his skills. In 2018, he opened his own shop under the name Big Interlake Mechanical in St Laurent to be able to provide skilled technical services to Interlake farmers and residents.

What We Do:

We offer service and repair of:

Various small engine items such as riding mowers and generators

Powersport items such as quads, ATVs, UTVs, snowmobiles, golf carts and boat motors

Automotive items such as cars and trucks, both diesel and gasoline powered

Agricultural equipment – onsite work accepted as well

We also offer a small storefront which sells camping and fishing equipment, automotive supplies, cooking supplies and frozen minnows. Come by and browse!

We look forward to being able to assist you with your needs, and on your schedule. Please feel free to contact us to arrange for any needed service. Our shop is open Tuesday – Saturday 9:00am-5:00pm to ensure we're available when you need us to be.
